

Keringer winery | Mönchhof Burgenland - AUSTRIA

Robert and Marietta Keringer have been running the winery in the oldest wine-growing community in Austria for 17 years now. The family business in Mönchhof is located in the Neusiedlersee DAC wine-growing region and the majority of red wines are vinified. Grapes from almost 100 hectares of vineyards are processed. The most important varieties are Zweigelt, St. Laurent and Blaufränkisch, but also Grüner Veltliner and Chardonnay. A special feature of the winery is the processing of the rare Rathay variety.

It has always been important to the winemaker couple to produce exceptional wines, that are still easy to drink and understandable. And their success proves them both right: The winery is regularly rewarded with national and international awards and their wine-growing business is now one of the most awarded in Austria. Spoiled by success, the winery won the Golden League for the sixth time in a row, is twelve times „Best Producer in Austria“ at the Berlin Wine Trophy, twice „Best National Producer“ at the Austrian Wine Challenge (AWC), multiple times winner of the SALON Austria Wine Award and the Burgenland State Award, as well as FALSTAFF GRAND PRIX winner.

The innovative winemakers like to break new ground and are known for two special wine lines. The premium cuvées MASSIV® Red and MASSIV® White as well as the pure premium wines of the 100 DAYS line with Zweigelt, Cabernet, Merlot, Shiraz and Chardonnay.

The best grapes including skin and seeds lie on the mash for a period of at least 100 DAYS. During this very long time, all ingredients are extracted from the berries in a gentle manner and without additional tools. After pressing, the wines are allowed to mature to perfection in barrique barrels. The 100 DAYS Chardonnay matures for at least 100 days on the fine lees in barrels.
