

Winery Keringer | Mönchhof

Marietta and Robert Keringer have been running their winery in Mönchhof, Austria's oldest wine-growing community, for over two decades. The family business is located in the heart of the picturesque Neusiedlersee DAC wine-growing region. While production is primarily focused on high-quality red wines, son and young winemaker Jonas is now bringing a breath of fresh air to the range and is continuously expanding the selection of exquisite white wines.

Grapes from over 100 hectares of vineyards are now processed. The most important varieties are the local red wine varieties Zweigelt, St. Laurent and Blaufränkisch, as well as the white wine varieties Grüner Veltliner, Welschriesling and Chardonnay. A speciality of the winery is the processing of the rare Ráthay variety.

The powerful winemaking couple have always been committed to creating exceptional wines that are nevertheless easy to drink and understand. And their success proves them right: they are regularly rewarded with national and international awards for their wines, and the winery is now one of the most awarded in Austria. The successful winery has been named Golden League winner eight times in a row, "Best Austrian Producer" at the Berlin Wine Trophy thirteen times, and "Best National Producer" at the Austrian Wine Challenge (AWC) twice. They have also won the SALON Austria Wine and the Burgenland regional award several times, as well as the FALSTAFF Grand Prix. In 2025, they are particularly proud of their 12th regional victory at the Burgenländische Landesweinprämierung, this time for their 100 DAYS Cabernet, as well as the MUNDUS Vini Best of Show Austria Red Award – 1st place – for their top red wine cuvée MASSIV Red®.

The innovative winemaker likes to break new ground and has now made a name for himself with two special wine lines. The premium cuvées MASSIV® Red and MASSIV® White as well as the single-varietal wines of the 100 DAYS line with Zweigelt, Cabernet, Merlot, Shiraz, Grüner Veltliner and Chardonnay are the winery's flagship wines.

In the production of the 100 DAYS red wines, the best grapes of each variety are left on the skins for at least 100 days, together with the seeds and skins. During this time, all the ingredients are gently extracted from the berries without any additional aids. After pressing, the wines are matured to perfection in barrique barrels. The 100 DAYS Grüner Veltliner and Chardonnay, on the other hand, is matured for at least 100 days on the fine lees in oak barrels.

A DIVERSE RANGE OF WINES AND THE HIGHEST QUALITY

Winemaker Robert Keringer is renowned for his extensive range of consistently high quality wines. His aim is to ensure that every wine lover and connoisseur can find their perfect wine. From AVIATOR and COMMANDER to HEIDEBODEN, from the classic Every DAYS series to GRANDE CUVÉE – Keringer wines are massive in many facets and they leave a lasting impression. On the palate, in the finish, in the heart – a Keringer wine always fits.

The wines can be found prominently on the wine lists of many restaurants and in upscale gastronomy, as well as on the assortment lists of wine shops and wholesalers, both locally and internationally.
